AEROSPACE AND DEFENSE: THE STRENGTH TO LIFT AMERICA.

- Over 2 million middle class jobs
- Over 30,000 suppliers from 50 states
- America's leading manufacturing export industry - \$97 billion per year

Aerospace and defense is a powerful economic engine. We must keep the industry strong.

As the U.S. economy enters uncertain times, America's aerospace industry remains a powerful, reliable engine of employment, innovation, and export income.
